

A message from: Vi Rossy – RGC Director

We at RGC have been fortunate to have some wonderful members who volunteered this past winter to make our clubhouse more inviting. I had the opportunity to take the lead for this project and those who chose to put their handy skills to work were; **Brian Hewitt, Ken Koops, Steve Mulvihill, Faye Warren, Rob Warren.** These volunteers removed the dining room wallpaper and painted all the walls and trim. It was a tedious job, and they are commended on finishing this project.

Audrey VanderVelde resized the gold curtains and they were used for the end windows. In addition, sheers were purchased and sized to allow more light into the dining room. Audrey also sewed curtains for the kitchen and the other windows in the Ladies lounge and office. These finishing touches make the clubhouse more attractive for events and welcoming for our members.

Congratulations to our generous volunteers for their effort and time in completing this project. The Dining Room looks terrific!
